SENT IN FOR SAFE KEEPING.

Result of a Marietta Citizen's Second
Trip to Columbus.

Officers Owens and Williams locked
up A. F. Blaese, early in the morning,
and slated him in safekeeping. Blaese
is an inventor and lives at Marietta, O.,
in comfortable circumstances. He was
on his way to Cambridge when he be-
gan drinking heavily and it was found
necessary to take care of him. Super-
intendent Kelly received a letter from
Mrs. Blaese requesting that her hus-
band be locked up as he left home sud-
denly after drawing \$800 from the bank
and she feared he was again dissipat-
ing. She also requested that he be sent
to some hospital but this cannot be
done by the authorities here. When
sent in by Officers Owens and Williams
Blaese had a certificate of deposit on the
merchants' and manufacturers' national
bank for \$280 and some change.

Blaese was locked up nearly a year
ago by Officer Duce under the name of
Bliss. At that time he was found
coatless and hatless in a saloon on
Spring street and the proprietor of the
place turned the money over to the
police for safekeeping. He was after-
wards sent to his home in Marietta and
it is said that this is the first time he
has been drunk since. He is very an-
xious that nothing be said of the mat-
ter.—[Columbus Dispatch.

GETTING THE RUN.

The B. & O. S. W. employees who
have not been walking a chalk line
are pulling up with a jerk. The offi-
cials are after them. Following the
discharge of O. T. Dewey several days
ago comes the discharge of another
well known man on this end of the
line. The Chillicothe News says:

Conductor James Simpson is no longer
connected with the B. & O. S. W.
railway. His connection was severed
in a rather summary manner, yester-
day afternoon, and Mr. Dan Toney is
at present taking his run on the Love-
land accommodation.

Jim Simpson was a train dispatcher
here for a short time, in 1889. He was
afterwards given a run on the Love-
land accommodation, with head-quar-
ters at Loveland. He has not been
treading in the straight and narrow
way, however, and yesterday after-
noon, when he went to take his run,
he was informed that his services were
no longer required. As stated Mr.
Toney has the run at present although
as yet it has not been definitely as-
signed to anyone.

Cut Trial Expenses.

Columbus, O., Feb. 8.—In response to
an inquiry from the courts of Fayette
and Pickaway Counties, Attorney Gen-
eral Monnett has given an opinion that
Fayette County will have to pay all
the expenses of the trial. The
Fayette authorities were trying to
make Pickaway County pay the jury
expenses on the ground that the jury
was made up of Pickaway County men.
The jury expense amounted to about
\$1,700.

LAND GRANTS

To Railways Approved by the Secretary
of the Interior.

WASHINGTON, Feb. 10.—The secretary
of the interior has approved the fol-
lowing land grants to railroads: Chi-
cago, Milwaukee & St. Paul railroad,
463 acres to construct a line from South
McGregor, Ia., to intersect the same
road between Sioux City and the Min-
nesota state line; Northern Pacific
road, 27,500 acres in Minne-
sota; supplemental list of 39,718
acres to the Central Pacific
railroad, successor to the California &
Oregon railroad, granted under the
provisions of the act of July 25, 1890.
Another list to the same road under
the same provisions, containing 216,204
acres, both in the Redding, Cal.
land district. A third list to this
road contained 9,968 acres. To the
Southern Pacific branch line 5,249
acres.

Death of Congressman Crain.

WASHINGTON, Feb. 10.—Representative
Wm. H. Crain, of the Eleventh
district of Texas, died in this city at
an early hour Monday morning of
pneumonia, contracted at the southern
charity ball last week. No arrange-
ments have yet been made for the fun-
eral. He was in his seat on the floor
of the house as late as Thursday last.

Marbury for U. S. District Attorney.

WASHINGTON, Feb. 10.—The senate
judiciary committee Monday morning
ordered the nomination of Wm. Mar-
bury to be United States district at-
torney for Maryland, to be reported
without recommendation to the sen-
ate. This will probably result in
his rejection. Senator Gorman op-
posed the nomination vigorously.

The St. Paul to Be Docked.

New York, Feb. 10.—The American
line steamship St. Paul, which re-
cently went ashore at Long Branch,
sailed Monday morning for Newport
News, Va., where she will be docked
for examination and overhauling.

IT'S A GO!

Marietta Accepts Hughes Bros.' Proposition.

And the Big Boiler Works Will Lo-
cate Here.

The Citizens Have But to Show Their
Spirit and This Industry, Which
Will Employ Over a Hundred
Men, Is Ours.

The proposed deal between this city
and the Messrs. Hughes Brothers and
Associates, of Butler, Pa., involving
the location of a boiler and structural
iron works to cover four acres of
ground, has been practically brought
to a close and the plant is ours when a
few minor details are attended to. As
we have said previously, the Messrs.
Hughes and their associates are men
whose records have been investigated
and who may be depended upon to fulfill
their every promise to the very letter.

They have made us a proposition, we
have accepted it, and within a week's
time the plans for the new buildings
will be here and the bidders on the
work of construction can go ahead.

The few minor details to be fixed up
are these: We are to buy a site, which
will cost approximately \$3,000, and
subscribe \$6,000 in cash to be given to
the new firm when it has fulfilled its
obligations which appear in the propo-
sition following. There is no fake,
no scheme behind the deal to cause it
to fail—it is simply a plain business
proposition, with the greatest profit to
accrue to the city.

The Committee will be out after that
\$9,000 today. They ought to get it be-
fore night. Quick, hard licks are what
count, and an enterprise so plainly in
the interest of every business man
should command immediate and hearty
support.

It was a large and representative
body of members of the Board of Trade
and citizens that assembled at the
Board of Trade Rooms at one o'clock
Monday afternoon to take action in the
matter of the proposed boiler works.
The meeting was called to order by
President A. D. Follett and Secretary
Flanders read the following proposi-
tion, submitted by Hughes Bros. and
associates, which proposition is as fol-
lows:

THE PROPOSITION.

MARIETTA, O., Feb. 10, 1896.
TO THE CITIZENS OF THE CITY OF MA-
RIETTA, O.:

The undersigned, Hughes Bros., of
Butler, Pa., who have for the past six
years been engaged in business at But-
ler, Pennsylvania, manufacturing boil-
ers, hereby propose to organize a cor-
poration under the laws of Ohio with a
capital stock of \$100,000 or more, formed
for the purpose of manufacturing in the
city of Marietta, Ohio, boilers,
stills, iron tanks and iron structural
work, associating with ourselves as
stockholders in such corporation G. A.
Schaffner, J. E. Schaffner, J. J. Lei-
decker and D. H. Waller, all of Butler,
Pa.; we further propose that such cor-
poration shall erect within the corporate
limits of the city of Marietta, O., at
one of the four sites now optioned
for that purpose, namely, eleven lots
in Block No. 76, a tract of land in Cur-
tis' subdivision at the corner of Seventh
and Greene streets, parts of lots Nos.
252 and 253, west side, containing about
seven acres, and twenty-one lots in
Block 27, west side, we to have the
choice of sites, a plant for the manu-
facture of boilers, stills, iron tanks
and iron structural work, with the lat-
est and most improved machinery, all
new but two or three small machines,
the buildings to cover at least four
acres, at a cost of not less than \$60,-
000, to be completed and ready for
operation on or before June 1, 1896,
with a capacity of employing 1,000 men,
and to be in actual operation employ-
ing from 100 to 150 men with a pay roll
of at least \$1,350 per week by July 1,
1896, and to continue in operation em-
ploying not less than 100 men, upon
the following conditions:

That such one of the above named
four sites as the undersigned may se-
lect be purchased in fee simple title to
a Trustee or Trustees to be convey-
ed to such corporation as hereafter
provided, and that in addition the sum
of six thousand dollars be subscribed
by responsible parties payable to a
committee or a Trustee or Trustees for
that purpose, and to be paid to said
corporation as hereafter provided; upon
the purchase of said site selected by
us, payment therefore in full, and the
conveyance thereof to such Trustee or
Trustees, and the securing of sub-
scriptions from responsible parties, as
herein before provided of the sum of
\$6,000 in addition to the money re-
quired to pay for said site, all the instal-
ments of such subscriptions to be pay-
able at a date not later than May 1st,
1896, all of which is to be done within
thirty days from Feb. 6th, 1896, we
will proceed with due diligence to
erect said plant as hereinbefore pro-
posed; the titles of said site to be held
by such Trustee or Trustees, and all

money paid in on said subscriptions
over and above the money required to
pay such purchase price of site, is to be
held by a committee, or a Trustee or
Trustees, until such corporation shall
have erected on said site to be selected
by us a plant for the manufacture of
boilers, stills, iron tanks and iron struc-
tural work, of the character hereinbe-
fore stated, costing \$60,000 or more,
complete ready for operation, and in
full actual operation employing 100
men or more, with a pay-roll of at least
\$1,350 per week, upon the fulfillment of
all of which conditions said sum of
\$6,000 is to be paid over to said cor-
poration, and the title to said site on
which said plant is erected is to be con-
veyed by said Trustee or Trustees to
said corporation.

Messrs. J. H. Hughes and Schaffner
were present at the meeting. The
proposition, as printed above, was
unanimously accepted, after a half
dozen ringing speeches by leading citi-
zens.

Messrs. W. W. Mills, D. B. Torpy
and W. M. Morse were chosen Trustees
of all funds that may be raised to ful-
fill the city's part of the contract. A
committee of ten, consisting of the fol-
lowing gentlemen, was appointed to
solicit subscriptions: W. H. Styer, W.
W. Mills, D. B. Torpy, W. M. Morse, J.
H. Grafton, A. D. Alderman, W. H.
Jett, C. L. Flanders, W. G. Pattin, A.
L. Gracey. The President extended
the proper invitation and many of those
present walked up unhesitatingly and
signed the paper for amounts of \$50
and \$100 each. Mr. D. B. Torpy has
the honor of starting the subscription.

It is necessary to raise approximate-
ly \$9,000, perhaps a little less, and the
committee expresses the hope that it
may easily find 50 men to give \$100
each and 80 men to give \$50 each clos-
ing up the subscription in short order.
The subscription, by the terms of the
proposition, must be completed in 30
days. One-third of it must be cash in
order to secure title to the site selected.
The balance will be required in two
payments at a later date.

Following is an exact copy of the
subscription paper that will be pre-
sented to you—read it carefully, and
put your name down gracefully:

The undersigned hereby severally
agree, each with the other and with
Hughes Brothers, of Butler, Pennsyl-
vania, and with the corporation to be
organized by them and their associ-
ates as proposed in their written
proposition to the citizens of Marietta,
Ohio, dated February 10, 1896, to se-
verally and respectively pay to D. B.
Torpy, W. W. Mills and W. M. Morse,
Trustees, the amount set opposite our
names, respectively, payable one-third
thereof cash on demand, one-third
thereof on or before April 1, 1896, and
one-third thereof on or before May 1,
1896, said money to be used by said
Trustees in paying the purchase price
of a site and in paying the sum of six
thousand dollars (\$6,000.00) mentioned
in said written proposition; and we
hereby appoint said Trustees our
agents and attorneys in fact to act for
us in determining whether the con-
ditions of said proposition, upon the
fulfillment of which said site is to be
conveyed and said six thousand dollars
(\$6,000.00) is to be paid to the corpora-
tion as stated in said proposition, have
been fulfilled, and to make such con-
veyance and pay said six thousand dol-
lars (\$6,000.00) to said corporation
when in their opinion such conditions
have been fulfilled.

At the Board of Trade meeting 20
hundred dollar subscriptions were
taken in little more than as many min-
utes. Here they are:

D. B. Torpy	\$100
Streeker Bros.	100
Hamilton & Heidrick	100
E. R. Alderman & Sons	100
Nye & Follett	100

Condensed Testimony.

Chas. B. Hood, Broker and Manu-
facturer's Agent, Columbus, Ohio, testifies
that Dr. King's New Discovery
has no equal as a Cough remedy. J.
B. Brown, Prop. St. James Hotel, Ft.
Wayne, Ind., testifies that he was cured
of a Cough of two years standing,
caused by La Grippe, by Dr. King's
New Discovery. R. E. Merrill, Bald-
winsville, Mass., says that he has used
and recommended it and never knew it
to fail and would rather have it than
any doctor, because it always cures.
Mrs. Hemming, 223 E. 25th St., Chica-
go, always keeps it at hand and has no
fear of Croup, because it instantly re-
lieves. Free Trial Bottles at W. H.

MAY HOLLINGSWORTH.

An Indianapolis Woman Who May Throw
Some Light on the Pearl Bryan Murder
Case.

INDIANAPOLIS, Ind., Feb. 10.—Mar-
shal William E. Starr, of Greencastle,
received a letter on Saturday evening
from Indianapolis, bearing the Union
station postmark of ten a. m., Febru-
ary 8. It said:

"February 8, 1896.—Sir: Some information
can be obtained concerning the murder of
Miss Pearl Bryan. If you will call on or arrest
Miss May Hollingsworth, No. 1 Henry street,
Indianapolis, Ind. She is afraid of her
being implicated, and by detectives seek-
ing her they will find out who knows of
causes of death and medicines used. If she is
used as a witness, I will testify what she has
told me, an informant, who will watch her
movements till you see her. She has been
thinking of leaving the city, so see her
at once. The sooner the better."
"H. E. R."

"She knows my name by initials, and can
tell you where I live."
Marshal Starr left Greencastle at
1:35 p. m. Sunday, and coming to this
city, consulted with Supt. Colbert.

He detailed a detective on the case
and they visited the residence given in
the letter. Miss Hollingsworth was
dressed in a loose wrapper, but agreed to
a consultation with the officers. She is 22
years of age, and is a good-
looking brunette.

She admitted knowing Jackson, Wood
and Miss Pearl Bryan, but not Wall-
ing.

She gave enough information to lead
the officers to arrest her, and she was
told to accompany them. They gave
her permission to go upstairs to change
her dress. When she came down she
slipped by the officers, and tearing a
letter to bits, threw the pieces into an
open stove. It is thought she thus de-
stroyed a valuable letter from Jack-
son, that contained the cause of the
death of Miss Bryan.

Miss Hollingsworth said she would
not tell anything unless the boys were
to be hanged, and then she would tell
all to save them. She says positively
that Miss Bryan was not murdered,
and that it was a case of suicide.

INDIANAPOLIS, Feb. 10.—Lulu Hol-
lingsworth confessed to the police
Monday afternoon that she saw Will
Wood and Pearl Bryan in this city on
the Thursday afternoon before the
murder. She says that Miss Bryan
told her that Walling was also here.
Walling and Miss Bryan, according to
her story, spent Thursday night here,
but she refuses to tell where. Miss
Hollingsworth was locked up, as it is
believed that she knows far more than
she is willing to tell.

The Masonic University.

PITTSBURGH, Pa., Feb. 10.—The di-
rectors of the National university,
which is an enterprise of the Masonic
fraternity, on Saturday purchased 132
acres of ground at Beaver, Pa., on the
Ohio river, about 25 miles from this
city, and took option on 800 additional
acres for a site for the university.
Masons all over the country are inter-
ested and the success of the university,
which, with its endowments, will
cost upward of \$5,000,000, is assured.

Captured in Pittsburgh.

PITTSBURGH, Pa., Feb. 10.—E. N. Ma-
son, chief of police of Piqua, O., left
here Monday morning with Edward
McConnell and David Bryant, who are
charged with brutally treating and
robbing a farmer named Wall near
Piqua last December.

Did You Ever

Try Electric Bitters as a remedy for
your troubles? If not, get a bottle
now and get relief. This medicine has
been found to be perfectly adapted to
the relief and cure of all Female Com-
plaints, exerting a wonderful direct in-
fluence in giving strength and tone to
the organs. If you have Loss of Appetite,
Constipation, Headache, Fainting
Spells, or are Nervous, Sleepless, Ex-
citable, Melancholy or troubled with
Dizzy Spells, Electric Bitters is the
medicine you need. Health and
Strength are guaranteed by its use.

HOW MANY

Men are there in this vicinity
that think they'll go without an
Overcoat until next winter! Just a word
to them: Don't you know you can buy just
as good a coat now and at about HALF PRICE.
I would be a good investment to buy it RIGHT NOW
and have it in readiness for next season. Winter is not
over yet and you'll need an overcoat many many times before
Spring. True, we haven't many, perhaps we have just the one
to suit YOU though; prices cost and below. If you need Un-
derwear too, don't forget we are headquarters. Just received a
nice line of Shirts, 25c, 35c and 50c. Neckties, assorted
colors, good quality, only 15c and 25c. A great line of Tourist
Hats, 75c. Prices on everything the VERY LOWEST. TRY
US NEXT TIME.

S. R. Van Metre & Co.,
The Old Reliable Cash Clothiers.

A "Before Inventory" CLEARING SALE

We will be ready in a week or two to count
up stock; before that time every over-loaded
department must be reduced to invoice at the
right figures. No need to bother you with any
excuses or admission of mistakes. A long-
drawn-out merchandising story is a bore. To-
morrow we offer the following: Woolen Hose,
Blankets, Furs, Woolen Underwear, Mittens,
Gloves, etc., etc. Not a word about their cheap-
ness or quality; you are the best judge.

For those who are fooling, and those who are in earnest.

153 Colonial Block, Front Street, Marietta, Ohio.

Facts.

All should know. The unnecessary fuel consumed in cast
stoves, and food spoiled by imperfect baking, added together
every two years, are equal in value to all the stoves and
ranges in the United States. Yet housekeepers say "I have a
good stove now, but will buy a

Majestic Steel Range

later." Many keep steadily on consuming extra fuel, putting
up with imperfect baking and only partly heating water, when
they could save money by buying a MAJESTIC and throwing
their old stove out of doors.

The Majestic Steel Range is no experi-
ment; it took 30 years to perfect it.
